

Jar

Date

Late 17th century

Medium

Earthenware with tin glaze and cobalt in-glaze decoration

Description

Traditional Arabic form with white glaze over poorly prepared blue painting in typically mudejar panels. Narrow band of inverted ju-i around base of neck and bottom of field. Four large Oriental lappet medallions are spaced around the body. Between them are stylized floral motifs. The small depression fired in one side near the foot was to contain the owner's wax seal now lost.

Dimensions

Height: 9 1/4 in. (23.5 cm)
