

Triptych Processional Painting

Date

Collected 1992

Medium

Silver, brass, paint

Description

Decorative silverwork stand/holder with small cone-shaped base and latticework semi circle with latticework cross on top. At the center is a square box with hinged doors that open to reveal a triptych painting. Paintings inside the doors depict men with halos facing towards the center. Center painting is a man on white horse stabbing

a dragon; man wearing blue shirt is in the tree on the proper left side
